Dear Peter

Once again many thanks for the excellent work carried out by Tim and Lew to the gutters on our house. The old Finlock gutters originally fitted when the house was built were a constant problem. The new white plastic looks very good and has given the whole house a different look.

Should you have prospective clients with the same problem as ours, at any time in the future and wish to view an example of your work, you may feel free to send them here to see for themselves.

Many thanks for a good job well done.

Best regards
